

# Social Emotional Development in Preschool is Essential to Student Success

## Social emotional learning starts early

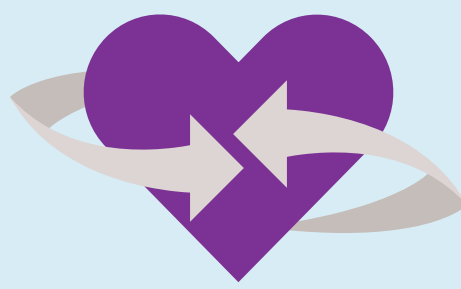

Preschool aged children develop social emotional skills rapidly, helping them manage stress, solve problems, and succeed at school.

## Kindergarten teachers look for three SE skills in students

**Can follow directions**

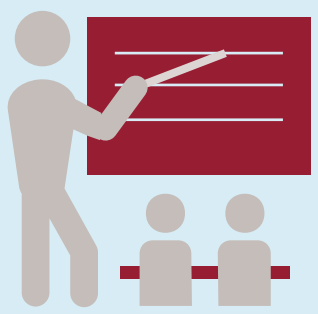

**Takes turns and shares**

**Pays attention**

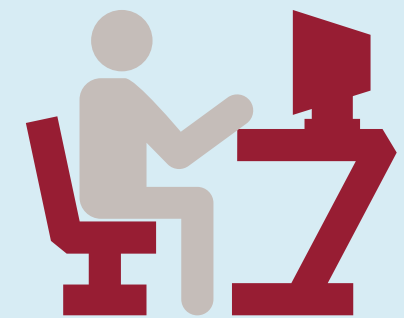

## Five components of proven SE programs

**Improve classroom management**

**Build students' skills**

**Include professional development**

**Involve parents**

**Integrate with academics**
